Entrepreneur	Индивидуальный предприниматель Богатырев Владислав Сергеевич

1. Controller and purpose

I freely, voluntarily, and in my own interest consent to the processing of my personal data by individual entrepreneur Богатырев Владислав Сергеевич, INN 234106228141, OGRNIP 326237500395950, address: 353745, Краснодарский край, Ленинградский район, ст. Ленинградская, ул. Грузская, д. 26 (the Controller), email hello@markiro.app, alternative email hello@v-b.tech, for handling the request I submit: obtaining the installer and trial access, selecting a license, preparing an invoice and contract, arranging a demonstration, or answering an inquiry.

2. Data covered

This consent covers my email address; the organization name I provide; an individual entrepreneur’s INN if it relates to me; my name, position, and phone number only if I provide them in the form or correspondence; my selected plan, information about the lines and equipment required, and the content of my inquiry. A legal entity’s INN and name are not personal data in themselves; this consent applies to information insofar as it relates to me.

To record the request and protect the form, the Controller uses the date and time, request identifier, page address and form language, consent revision identifier, information about sending and delivering the response, necessary technical logs, and limited data for protection against repeated or automated requests. This consent does not cover UTM advertising parameters, the external referral source, or behavioral analytics.

3. Operations and recipients

I permit collection, recording, organization, accumulation, storage, correction, retrieval, use, necessary transmission to engaged processors, restriction, erasure, and destruction, using automated means and without them. The data may be used to send the requested link, acknowledge the request, ask clarifying questions, provide an invoice or contractual documents, and answer the inquiry.

To perform these operations, the Controller may engage Russian server infrastructure, storage, and email delivery providers to the extent necessary under contracts ensuring confidentiality and data protection. Information about the actual recipients and processing periods is provided on request under Article 14 of Federal Law No. 152-FZ. This consent does not authorize disclosure of my data to the public, transmission for third-party advertising, or cross-border transfers.

4. Term and withdrawal

This consent remains effective until the purpose of the request is achieved, it is withdrawn, or one year has elapsed since my last substantive contact, whichever occurs first. A technical notification sent by the Controller does not extend this period. Once the purpose is achieved or consent is withdrawn, processing ends and the data are destroyed within the statutory periods, generally within thirty days, unless a separate lawful basis permits limited processing.

Withdrawal may be sent to hello@markiro.app, hello@v-b.tech, or the Controller’s postal address. It is sufficient to provide the email address used for the request and ask for processing to stop; additional information is requested only when needed to verify identity and locate the data. Withdrawal does not invalidate earlier lawful processing. A concluded contract, mandatory recordkeeping, or protection of rights may provide separate grounds; these grounds are not used to continue advertising.

5. Confirmation of choice

Consent is given by selecting a separate, initially unchecked box and submitting the form. The personal-data processing policy is available through a separate link. Selecting the box does not accept a paid offer, subscribe to advertising, or permit publication of a review. I provide my own contact details; consent on behalf of another individual is permitted only with verifiable authority.

Consent identifier: MKR-PD-02/2026.10/01. Without consent, the request is not submitted through this form; I may contact the Controller independently, and the legal basis for processing such an inquiry is determined separately.
